

Nyoom

“Soaring above the competition”

BUSINESS DESCRIPTION: *Nyoom* is the pioneer in fully rideable, easily maneuverable drones for military and law enforcement members. These drones allow the user to travel at speeds of up to 150 miles an hour and reach heights upwards of 500 feet. Whether for reconnaissance, pursuit, or defense, *Nyoom* always guarantees full satisfaction of its patrons in any situation. We always seek to achieve new heights, and we continuously push the boundaries of what the power of drones can do.

MISSION STATEMENT: To allow law enforcement to patrol their jurisdiction more efficiently and increase their ability to prevent crime.

CORE VALUES:

- Stay true to the values that our law enforcement officers face every day: honesty, integrity, respect and professionalism
- Display grit without ego
- We seek to never stop improving
- Strive for excellence
- You don't need to be at a desk to seek an answer
